

.the MATERNITY + INFANT SESSIONS

Nathan & Tasha Hakeem shoot on location in any of the many beautiful locations that surround our area, including in the comfort and privacy of your home. Local travel is included in the session fee. Further travel is an additional cost. Any price differences will be clearly discussed, if needed. An Agreement must be signed before the first session.

Becoming parents has been one of the most amazing experiences of our lives! In experiencing the miraculous journey of pregnancy, the deep emotions of giving birth and now watching our children grow up, we know the importance of capturing each moment. Creating these intimate moments photographically helps them last a lifetime... bringing back the emotion of the moment with each glance!

This package is \$450 inclusive for Mum, Dad and Baby [individual sessions start at \$250 each]. It includes two sessions: one while Mum is pregnant; and the second, after Baby arrives (no later than 10 weeks). You will also receive your choice of either ONE 12"x18" print or TWO 8"x10" prints from each session.

To reserve your date, a 40% Reservation Fee is required and is non-refundable after 60 days before the first shoot. Please add \$40 per extra person or \$150 per multiples of five people. The balance of \$400 is due by the Maternity session; the remaining is due two weeks prior to the Infant Session. Each shoot can last between 45 minutes and two hours depending on your session. Once your images are ready, you will be sent a link to a password-protected online album will hold 20-50 final images, from each session, from which you may choose your print(s).

It is also important that time be spent before the shoot to help relax you as much as possible in front of the camera as this is always reflected in the final images – especially with children.

In addition to the print(s) included in the Package, you may select additional prints in the following available sizes. Packages are also available.
